

**Coulter School of Engineering
Graduate Committee Appointment****DATE** _____**Appointment of Graduate Committee.**

Each student in an Engineering graduate program completing research-based graduate degree must have a graduate committee. The graduate committee oversees the student's program of study, reviews and evaluates the student's progress, and conducts the final examination of the thesis or dissertation. Any changes in the composition of the graduate committee must be made prior to scheduling any final examination. Note: When an external member is to be appointed to a PhD graduate committee, a copy of that person's curriculum vitae must be submitted to the department chair and dean when the graduate committee is appointed. Submit a revised copy of this form to change the membership of the graduate committee.
